New process aims to ensure fairness between a growing number of applicants (over 60 community groups over the last year have been funded). A launch gathering is to be held in Anglesea to kick off this new process and outline how it all works – 7pm for 7:30pm start at Anglesea Hotel, Wednesday 3rd August. All welcome! JIM McCUTCHEON

- **Tourism Board Meeting** – held at Torquay Golf Club (a \$100 million project!). Signage was raised but the impending reorganisation by Tourism Victoria (Geelong joins with Bellarine, the rest of the southwest to the border becomes one tourism organisation) has stymied most discussions & discussions. Winchelsea needs to ensure it remains active in ongoing developments, there is the potential for significant impact on Winchelsea.

General discussion arose around the need for Winchelsea traders to get involved in the future of Winchelsea.

Motion by Jim to form a subcommittee to discuss an additional invitation to the Mayor to the Business Breakfast to talk about the future of Winchelsea from the Shire's perspective in particular with regard to the 2021 Plan (key topics to be provided to the Mayor). Seconded Trevor, unanimously approved.
