

Understanding Soil Organic Matter and Soil Carbon workshop

When: Wednesday July 14, 10am– 3pm

Where: Birregurra Hall

Presenter: Cath Botta

Cost: Free– lunch and morning tea supplied

This workshop is designed so participants understand:

- *What soil organic matter and soil carbon are*
- *The functions of organic matter in soils*
- *How soil organic matter composition changes and depletes within the soil*
- *How management practices affect levels of soil organic matter*

RSVP by Monday 12 July to the UBLN office on 5236 2401 or neil@ubln.org.au

This workshop is supported by a Woolworths Sustainable Farming
